The Chainsaw Chick to be featured on The Texas Bucket List

Emmy Award winning TV series, The Texas Bucket List visits a chainsaw artist in Dickinson that can create just about anything out of wood!

February 1st, 2021

Dickinson - A chainsaw and some cedar wood is all Della Meredith needs to carve some 3-D art that people love and always want more of! "I've just always had a passion for art since I was a little kid, I love to draw and paint," explained Della. Della comes from a long line of artists, her mom was an artist, her grandma, and now Della who expresses her art with a chainsaw that turns wood to dust! Della is an expert on wood, she has a degree from Sam Houston State, taught art for eight years, and now she is doing what she loves and that is the art of creation! Being so close to the coast, Della has made sculptures of pelicans, flamingos, fish, tikis, and all things beach for our beach loving Texans! No fingers have been lost in the process in this form of art making and Della makes sure to create art that will make her and her fellow Texans happy.

So don't be afraid to get up close and personal with a chainsaw artist that creates art and tune in the weekend of February 6-7 as host Shane McAuliffe admires the beauty created from a dangerous chainsaw!

Chainsaw Chick is featured alongside two other stops - Progress and Provisions in Wichita Falls and Lake Amistad in Del Rio.
